## A Life Well Lived, Loved, and Learned

Arthur George Scott (Seligman), also known as Pete and Art, aged 79, last residing in Bradenton, FL, died on July 11, 2017 at home, in his sleep due to many complications from a lifetime of Type I Diabetes.

He was born on January 27, 1938 to Doris Seligman (Gardiner) and Otis Seligman in Santa Fe, NM. He was given his stepfather's last name of Scott in 1943 after his father passed away when Pete was just starting public school in Santa Fe.

While obtaining his BS in Civil Engineering from New Mexico State University, he married his first wife Marilyn Bicksler. After participating in ROTC and graduating from NM State University, he provided service to the US Army as a Lieutenant, giving education to many younger recruits during the late 1950's Cold War. After providing his service to the United States, he grew his hair long and never cut it short again; he added a beard and mustache for good measure.

He acquired Type I Diabetes just out of the US Army, while beginning a lifetime career in the United States Geological Survey. Lucky to survive the diabetic coma that announced a new path in his life, Pete moved forward and never gave up.

He loved his career and work friends at USGS in Santa Fe, NM, surveying rivers and dealing with Diamondback Rattle Snakes in the desert. And at USGS in Reston, VA, he travelled and wrote hydrologic journal papers on rivers and lakes from the Clinch River Valley to Canada/US Great Lakes, and to Brazil educating on water resources. He called it "The best job in the world". Part of that "best job" involved a lot of travel, which he relished and he learned from the people in every society, city, or country he visited.

Pete inspired all of his creativity, scientific knowledge and self-sufficiency to his children, Terri and Janice. They remember his paintings, remodeling of the house, and collecting NM historical artifacts. Terri and Janice closely followed in his footsteps of science and creativity.

In 1980, while living in Reston, VA he met and married his current, devoted, and loving wife, Bonnie Sharpless Scott. Their marriage was 37 years strong. They spent many exciting and tumultuous times, helping to raise two teenagers, travelling, working, playing, and loving. Bonnie, a professional hairdresser, always took care of trimming Pete's hair and beard to ultimate perfection. Now, that's true love. Their travels were magical from the Galapagos Islands seeing Darwin's creatures, to Africa viewing Mount Kenya and Mount Kilimanjaro, and hanging in Jamaica getting dreadlocks, and onto Thailand appreciating the majesty of nature, then sailing in the Caribbean, as well as a Brazilian cruise up the Amazon River.

Pete leaves behind many people, including his two daughters, Terri and Janice; Janice and husband Matthew's children, Alexander and Wesley; Terri and husband Jeffrey's children, Joshua and Nicholas; his niece, Jhette Diamond; and most significantly, his wife, Bonnie. In addition, Pete leaves behind very favored pets, including dogs: Koda II, Sunny, and Tipper, plus birds: Bubba, Tico, and Cisco. And very importantly, he leaves behind a legacy and brilliant history with many extended family and friends.

Type I Diabetes was a major obstacle in Pete's life, as well as his family's lives. He kept all his limbs, but lost most of his eyesight, most of the use of his hands, and his legs were very painful and eventually lost function, at which point he had to accept a wheel chair, all due to Diabetic peripheral neuropathy. However, he never gave up hope and learning. His last days were spent with Bonnie making cigar box guitars, and learning to play slide guitar blues.

If you would like to help his family heal from the loss of Pete, please learn everything you can about Type I Diabetes and feel free to make a donation to the American Diabetes Association (www.diabetes.org) or your local chapter of The Lighthouse for the Blind. We only ask this, in Pete's name and memory, so that young people who have no choice and acquire this disease can live better and longer lives than Pete was allowed.

Handlers may opt to enter in a higher height division for all Regular titling classes, but not in a division lower than their proper height division. Dogs entered in the Preferred classes must compete at the required jump height and may not compete in a jump height division higher or lower than their proper height division.

All dogs that have not been officially measured for an Agility Jump Height Card may still compete; however, they must be measured by a Judge of record, an Agility Field Representative, or a Volunteer Measuring Official, prior to running. If measured by the Judge of record, that measurement will be valid for this trial *or back-to-back trials* only. If a measurement is necessary, it is the exhibitor's responsibility to have their dog(s) measured prior to running.

Dogs listed in the AKC Canine Partners℠ program may be eligible to enter all-breed AKC agility trials at the club's option. These dogs should be listed as All American Dog and must include their AKC number on the entry form and check the AKC No. box.

Junior Handlers should enter their Junior Handler number on the front of this form. Should you not have your Junior Handler number, it may be obtained from the American Kennel Club (919) 233-9767. In consideration of the acceptance of this entry, I (we) agree to abide by the rules and regulations of the American Kennel Club in effect at the time of this event, and by any additional rules and regulations appearing in the premium list for this event, and further agree to be bound by the "Agreement" printed on the reverse side of this entry form.
